

# The N-Membrane Problem with Soft Constraints

S. Carillo<sup>1</sup>, M. Chipot<sup>2</sup>, and G. Vergara Caffarelli<sup>1</sup>

June 10, 2003

## Abstract

In this note, we study a *nonlocal* variational inequality. The *nonlocality* appears in the coefficients of the operator through some integral representing some *elastic* energy. It appears also in the constraints which have been called *soft* in the literature.

MCS numbers: 49J40, 35J85

Keywords: Variational Inequalities, Nonlocal Problems
