

# Publications of Barbara Vantaggi

1. E. Stanghellini, B. Vantaggi (2013). Identification of discrete concentration graph models with one hidden binary variable. *BERNOULLI* (DOI: 10.3150/12-BEJ435), in press.
2. G. Coletti,R. Scozzafava,B. Vantaggi (2013). Inferential processes leading to possibility and necessity. *INFORMATION SCIENCES* (DOI: 10.1016/j.ins.2012.10.034), in press.
3. G. Coletti, B. Vantaggi (2013). Hybrid models: probabilistic and fuzzy information. *Synergies of Soft Computing and Statistics for Intelligent Data Analysis* In Kruse, R.; Berthold, M.R.; Moewes, C.; Gil, M.Á.; Grzegorzewski, P.; Hryniecicz, O. (Eds.) *Advances in Intelligent Systems and Computing* p. 63-72.
4. A. Ferrero, M.Prioli, S. Salicone, B. Vantaggi (2013). 2D Probability-possibility, transformations. *Synergies of Soft Computing and Statistics for Intelligent Data Analysis* In Kruse, R.; Berthold, M.R.; Moewes, C.; Gil, M.Á.; Grzegorzewski, P.; Hryniecicz, O. (Eds.) *Advances in Intelligent Systems and Computing* p. 389-398.
5. G. Coletti, O. Gervasi, S. Tasso, B. Vantaggi (2012). Generalized Bayesian inference in a fuzzy context: From theory to a virtual reality application. *COMPUTATIONAL STATISTICS & DATA ANALYSIS*, vol. 56, p. 967-980.
6. B. Vantaggi (2012). Identifiability of hierarchical loglinear models with one hidden binary variable. In *Proceedings of the XLVI Scientific Meeting of the Italian Statistical Society*. Padova:C.L.E.U.P - COOPERATIVA LIBRARIA EDITRICE UNIVERSITA' DI PADOVA.
7. G. Coletti, R. Scozzafava, B. Vantaggi (2012). Coherence for Uncertainty Measures Given through  $\oplus$ -Basic Assignments Ruled by General Operations. In: Greco et al.. *Advances in Computational Intelligence*. vol. CCIS 297-300, p. 168-177, Heidelberg:Springer.
8. A. Brozzi, A. Capotorti, B. Vantaggi (2012). Incoherence correction strategies in statistical matching. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 53, p. 1124-1136.
9. G. Coletti, D. Petturiti, B. Vantaggi (2012). A syntactical comparison between probabilistic and possibilistic likelihood. In: Kroupa, Vejnarova (Eds). *Proc. of the 9th Workshop on Uncertainty processing*. Marianske Lazne, 12-15/09/2012, p. 34-45, Prague: Fakulty of management, uncertainty of economics.
10. A. Capotorti, G. Coletti, B. Vantaggi (2012). A dynamic conditional decision mode. In: Kroupa, Vejnarova (Eds). *Proc. of the 9th Workshop on Uncertainty processing*. p. 22-33, Prague: Fakulty of management, Univ. of Economics, Marianske Lazne.
11. M. Baioletti, Busanello, B. Vantaggi (2011). Acyclic directed graphs representing independence models. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 52(2), p. 2-18.
12. M. Baioletti, G. Busanello, B. Vantaggi (2011). Exploiting independencies to compute semigraphoid and graphoid structures. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 52(5), p. 565-579.
13. M. Baioletti, G. Coletti, D. Petturiti, B. Vantaggi (2011). Inferential models and relevant algorithms in a possibilistic framework. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 52(5), p. 580-598.
14. G. Coletti, R. Scozzafava, B. Vantaggi (2011). A bridge between probability and possibility in a comparative framework . In: Liu, Weiru. *Symbolic and Quantitative Approaches to Reasoning with Uncertainty*. p. 557-568, Springer Verlag.
15. M. Baioletti, G. Busanello, B. Vantaggi (2011). Finding P-maps and I-maps to represent conditional independencies. In: Weiru Liu. *Symbolic and Quantitative Approaches to Reasoning with Uncertainty* . vol. LNAI 6717, p. 239-250, Springer.

16. A. Capotorti, B. Vantaggi (2011). Incoherence correction strategies in statistical matching . In: F. Coolen, G. de Cooman, T. Fetz. Proc. of the 7th Internationa Symposium on Imprecise Probability: Theories and Applications. Innsbruck, p. 109-118, SIPTA.
17. G. Coletti, R. Scozzafava, B. Vantaggi (2011). Default Rules as Fuzzy Inclusion of Degree . In: -. Proc. World Conference on Soft Computing. San Francisco, p. 83-89
18. A. Capotorti, B. Vantaggi (2011). Correction of incoherence in statistical matching. In: Cerchiello, Tarantola. CLDAG 2011 - Book of Abstract. Pavia, Settembre 2011, Pavia:Pavia University Press.
19. G. Coletti, B. Vantaggi (2010). From comparative degree of belief to conditional measures. In: Greco et al.. Preferences and decisions: models and applications. vol. 257, p. 69-84, SPRINGER.
20. G. Busanello, G. Coletti, B. Vantaggi (2010). Independence and conditional decomposable information measures.. INTERNATIONAL JOURNAL OF UNCERTAINTY, FUZZINESS AND KNOWLEDGE BASED SYSTEMS, vol. 18, p. 225-246.
21. B. Vantaggi (2010). Incomplete preferences on conditional random variables. Representability by coherent conditional previsions. MATHEMATICAL SOCIAL SCIENCES, vol. 60, p. 104-112.
22. M. Baioletti, G. Busanello, B. Vantaggi (2010). An algorithm to find a perfet map for graphoid structures . In: Hullermeir, Kruse, Hoffmann. Information Processing and Management of Uncertainty in Knowledge-Based Systems. Theory and Methods. vol. 80, p. 1-10, Springer Verlag.
23. G. Busanello, B. Vantaggi (2010). Inferential rules for weak graphoid. In: Borgelt et al.. Combining soft computing and statistical methods in data analysis. vol. 77, p. 57-64, Springer Verlag.
24. G. Coletti, D. Petturiti, B. Vantaggi (2010). Likelihood in a possibilistic and probabilistic context: a comparison. In: Borgelt et al.. Combining soft computing and statistical methods in data analysis. vol. 77, p. 89-96, Springer Verlag, Oviedo, Spagna.
25. E. Stanghellini, B. Vantaggi (2010). On the identification of discrete graphical models with hidden nodes . In GfKL-CLADAG 2010, Book of Abstracts. Firenze, 2010.
26. G. Coletti, B. Vantaggi (2010). Inference with Fuzzy and Probabilistic Information. In: HÄijllermeier, Eyke; Kruse, Rudolf; Hoffmann, Frank (Eds.). Computational Intelligence for Knowledge-Based Systems Design . vol. 6178, p. 665-674, Springer Berlin / Heidelberg.
27. G. Coletti, R. Scozzafava, B. Vantaggi (2009). Integrated Likelihood in a Finitely Additive Setting. In: C. Sossai, G. Chemello. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 5590, p. 554-565, Springer, Verona.
28. M. Baioletti, G. Busanello, B. Vantaggi (2009). Acyclic Directed Graphs to Represent Conditional Independence Models. In: C. Sossai, C. Chemello. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 5590, p. 530-541, Springer.
29. M. Baioletti, G. Busanello, B. Vantaggi (2009). Conditional independence structure and its closure: inferential rules and algorithms. INTERNATIONAL JOURNAL OF APPROXIMATE REASONING, vol. 50, p. 1097-1114.
30. R. Scozzafava, B. Vantaggi (2009). Fuzzy Inclusion and Similarity through Coherent Conditional Probability. FUZZY SETS AND SYSTEMS, vol. 160, p. 292-305.
31. G. Coletti, B. Vantaggi (2009). T-conditional possibilities: coherence and inference. FUZZY SETS AND SYSTEMS, vol. 160, p. 306-324.
32. M. Baioletti, G. Busanello, B. Vantaggi (2009). Exploiting unconditional independencies in semigraphoid closure computation. In: Proc. 8th Workshop on Uncertainty Processing. p. 1-12, ISBN: 9788024515434, Liblice, 2009.
33. M. Baioletti, G. Busanello, B. Vantaggi (2009). Closure of independencies under Graphoid properties: some experimental results. In: Proc. 6th Int. Symp. on Imprecise Probability: Theories and Applications (ISIPTA'09). p. 11-19, Durham:SIPTA, Durham.
34. M. Baioletti, G. Coletti, D. Petturiti, B. Vantaggi (2009). Coherent conditional possibilities in medical diagnosis. In: -. Proc. Uncertainty Processing. Liblice, p. 13-22.

35. A. Capotorti, G. Coletti, B. Vantaggi (2008). Preferences representable by a lower expectation: some characterizations. *THEORY AND DECISION*, vol. 64, p. 119-146.
36. B. Vantaggi (2008). Statistical matching of multiple sources: a look through coherence. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 49, p. 701-711.
37. G. Coletti, B. Vantaggi (2008). A view on conditional measures through local representability of binary relations. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 47, p. 268-283.
38. G. Busanello, G. Coletti, B. Vantaggi (2008). Independence for decomposable information measures. In: -. Proc. 12th International Conference Information Processing and Management of Uncertainty in Knowledge-Based Systems IPMU 2008.. Malaga, Spagna, 2008, vol. II, p. 899-906.
39. G. Busanello, M. Baioletti, B. Vantaggi (2008). Algorithms for the closure of graphoid structures. In: L. Magdalena, M. Ojeda-Aciego, J.L. Verdegay (eds). Proc. IPMU 2008. Malaga, p. 930-937.
40. G. Coletti, R. Scozzafava, B. Vantaggi (2008). Possibility measures in probabilistic inference. In: DUBOIS D. ET AL.. Soft methods for handling variability and imprecision. p. 51-58, Springer.
41. G. Busanello, G. Coletti, R. Scozzafava, B. Vantaggi (2008). Aggregated likelihoods: a comparative approach. In: B. BOUCHON-MEUNIER; R.R. YAGER; C. MARSALA; AND M. RIFQI EDS. Uncertainty and Intelligent Information Systems. p. 17-32, Singapore:World Scientific Ed.
42. G. Coletti, R. Scozzafava, B. Vantaggi (2008). Possibility measures through a probabilistic inferential process. In: -. Proc. NAFIPS 2008. vol. IEEE CN: CFP08750-CDR, NEW YORK:Omnipress, ISBN: 9781424423521, New York.
43. G. Coletti, Paulon L, R. Scozzafava, Vantaggi B (2007). Measuring the quality of health-care services: a likelihood-based fuzzy modeling approach. In: K. Mellouli. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 4724, p. 853-864, Springer.
44. G. Coletti, R. Scozzafava, Vantaggi B (2007). Weak implication in terms of conditional uncertainty measures. In: K. Mellouli. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 4724, p. 139-150, Springer.
45. D. Dubois, H. Fargier, B. Vantaggi (2007). An axiomatization of conditional possibilistic preference functionals. In: K. Mellouli. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 4724, p. 803-815, Springer.
46. G. Coletti, B. Vantaggi (2007). Comparative models ruled by possibility and necessity: a conditional world. *INTERNATIONAL JOURNAL OF APPROXIMATE REASONING*, vol. 45, p. 341-363.
47. R. Scozzafava, B. Vantaggi (2007). Fuzzy inclusion and similarity through coherent conditional probability. In 28th Linz Seminar on Fuzzy Set Theory. Bildungszentrum St. Magdalena, Linz (Austria) p. 16-20
48. G. Coletti, B. Vantaggi (2007). Conditional possibility: from numerical to qualitative approach. In 28th Linz Seminar on Fuzzy Set Theory. p. 21-23, Linz (Austria)
49. M. Mastroleo, B. Vantaggi (2007). An independence concept under plausibility function. In 5th International Symposium on Imprecise Probabilities and their Applications. p. 287-296.
50. G. Coletti, B. Vantaggi (2006). Possibility theory: conditional independence. *FUZZY SETS AND SYSTEMS*, vol. 157, p. 1491-1513.
51. L. Ferracuti, B. Vantaggi (2006). Independence and conditional possibility for strictly monotone triangular norms. *INTERNATIONAL JOURNAL OF INTELLIGENT SYSTEMS*, vol. 21, p. 299-323.
52. B. Vantaggi (2006). A note on non-symmetric independence models. In: Proc. of 7th Workshop on Uncertainty Processing. p. 162-172, PRAGA:-, ISBN: 8024510790, Mikulov, Rep. Ceca, 2006.
53. R. Scozzafava, B. Vantaggi (2006). Fuzzy relations in a coherent conditional probability setting. In: IMS 2006 (5th International Conf. on Information and Management Sciences), Chengdu (China). vol. 5, p. 496-500, California Polytechnic State University, Chengdu (China).
54. G. Busanello, G. Coletti, R. Scozzafava, B. Vantaggi (2006). Representing comparative aggregate likelihoods. In 27th Linz Seminar on Fuzzy Set Theory: Preferences, Games and Decisions. p. 45-50, BILDUNGSZENTRUM ST. MAGDALENA:Marc Roubens, Linz, Austria.

55. G. Busanello, G. Coletti, R. Scozzafava, B. Vantaggi (2006). Aggregated comparative likelihoods. In Proc. of Information Processing and Management of Uncertainty in Knowledge-based Systems (IPMU'06). vol. 3, p. 2316-2323, Paris:EDK (France).
56. G. Coletti, B. Vantaggi (2006). Representability of ordinal relations on a set of conditional events. THEORY AND DECISION, vol. 60, p. 137-174.
57. G. Coletti, B. Vantaggi (2006). Independence in conditional possibility theory. In BOUCHON-MEUNIER; Coletti; YAGER. Modern Information Processing. From Theory to Applications. p. 25-36, Amsterdam:Elsevier.
58. B. Vantaggi (2005). Preferences on a set of conditional acts and their representation. In AMASES 05. Palermo, 2005.
59. B. Vantaggi (2005). The role of coherence for the integration of different data sources. In: 4th International Symposium on Imprecise Probabilities and their Applications. p. 369-378, PITTSBURGH: SIPTA, PITTSBURGH.
60. G. Coletti, B. Vantaggi (2005). Comparative Conditional Possibilities. In: L. Godo. Symbolic and Quantitative Approaches to Reasoning with Uncertainty. vol. LNAI 3571, p. 872-883, Springer.
